Swim Australia has just released the new Swim Australia Teacher of Babies and Toddlers Course. Click on the link to "Teaching" from our home page at www.swimed.com for more information.

Successful state coaching and teaching conferences have been held in Perth, Sydney, Melbourne and Sunshine Coast.

Planning is now well under way for the world's biggest coaching and teaching convention on the Gold Coast April May 2010 at the Sofitel, Gold Coast. Last year over 800 attendees went away enthused and invigorated by the breadth and depth of quality presentations. Over 250 also attended one of the nine accreditation courses on offer.

2010 will see all nine of those courses again on offer. ASCTA members will automatically receive more information as it comes to hand. If you are not an ASCTA member you may still attend. Email Jay at Jay.Johnston@swimaustralia.org.au and request more information on the 16th Telstra ASCTA Convention.
